

Mary Kimball Dressage Clinics

Come to Boise & Mountain Home

Mary is a USDF certified instructor T-2, and a British Horse Society horsemaster and instructor. She spent 9 months studying in Dublin, Ireland with Iris Kellet. She has trained extensively with Lilo Fore, and taken multiple lessons with Debbie McDonald, Conrad Schumacher and many others.

Her style is classically based, with emphasis on the training scale: relaxation & rhythm, forwardness, straightness, throughness, suppleness and finally collection. She is a student, and will always be a student of dressage. That open-mindedness gives Mary many tools in which she may approach a particular horse or rider's issues, rather than only being able to help a horse/rider combination that fits into her "program". English or western, Mary believes that all horses can benefit from dressage.
